

Planet Formation and Evolution 2012

8th Conference on Formation and Evolution of Planetary Systems

September 3 - 7, 2012, Ludwig-Maximilians-Universität München

Scientific Rationale

This conference will bring together scientists from various theoretical, observational and experimental fields and aims to stimulate interdisciplinary discussion between astronomy, astrobiology, planetary science, mineralogy, laboratory work, and other adjacent fields.

Topics & Speakers

- Solar System Studies: M. Trieloff
- Extrasolar Planetary Systems: A. Hatzes
- Planet Formation: W. Kley
- Physics & Evolution of Protoplanetary Disks: C. Dullemond
- Laboratory Work on Planet Formation: J. Blum
- Evolution of Planetary Systems: A. Morbidelli
- Planetary Atmospheres: H. Rauer

SOC
